Draft-Deliberative* Attorney-Client Privilege

Informal HQ Technical Review Team,

Attached, for your 24-hour review, is a “clean” briefing paper -- “jul_23_2013” file -- incorporating most of Region 10’s edits. Region 10 provided extensive comments on the briefing paper I sent around July 12 (this is a briefing paper for the pre-brief with Tom Wall 7/30 and briefing with Denise Keehner 7/31).

Action:

1. **Mike**, please work with Jim Curtin to address the Region 10 comments on the border issue in the clean file (“jul_23_2013” file). I ask that you provide me final language for the border issue section by noon Thursday, July 25.

2. Team—let me know if you see showstoppers in the clean file (“jul_23_2013” file) by noon Thursday, July 25. I’ll plan on sending it up the management chain as briefing material shortly thereafter.

Thanks for your cooperation as I’m in training this week. I will return to the office on July 30.

Note—the attachments cited in the clean file (red font) can be found in my July 12 email.

Hi Sarah

Here are our comments and suggestions for the briefing paper. As I mentioned before, they are extensive. We've restructured for clarity, included background information we thought relevant, revised to address our impressions from the last call, and tried to retain statements of HQ's own position in your own words. Best read first in "Final" without the redlines.
